

MOS Scholarship Fund

MOS SCHOLARSHIPS

WHAT?

Die MOS Inisiatief established a scholarship fund with the sole purpose to afford destitute learners access to quality Afrikaans mother tongue education.

WHY?

Learners who benefit through our scholarships are our future leaders and we know that, should they now be supported with quality education, they will one day plough back and make a contribution on all levels of society

WHO?

The programme supports all learners of Die MOS Inisiatief - regardless of gender, race or community. This inevitably includes amounts granted to previously disadvantaged learners.

HOW?

You will receive a tax exemption certificate (Article 18A) from MOS Beurse (NPO).

MOS SCHOLARSHIPS: SPONSOR A PUPIL

WHAT?

The MOS Scholarship Fund affords you the opportunity to sponsor a pupil's school fees for a year.

HOW?

You can make a once off payment of a year's school fees or opt to make a monthly contribution for a year which will then be used to pay for a pupil's school fees in the next year.

You can also indicate whether you prefer to rather sponsor only a part of a pupil's school fees. Any and all contributions are truly appreciated!
